

## ROYAL FASTER

It is a very strong color enhancer, no-yellowing, with very long lasting outdoor, resistant to acid rain and to high temperature.

---

### Description:

Water-oil repellent protective with revitalizing effect in solvent solution, with characteristics of resistance to UV rays, acid rain, washing with common detergents and solvents, protects against graffiti, breathable, non-yellowing and reversible through the use of a specific product.

### Reccomended use:

Faster is the ideal product for the toning treatment of shiny, brushed, smooth surfaces, it highlights the natural colors of the stone material, as well as giving an absolute brilliance, in fact it perfectly seals the micro-cracks and the natural porosities present in the stone materials. Indoor/Outdoor use.

### Instructions for use:

The product must be evenly applied on dry and clean materials. The presence of water, dust or dirty matter may influence the result regarding the uniformity of the surface. We suggest to spread the product using a brush, cloth, sponge or through a gun spray. Use the right quantity that the material naturally can absorb. Then, after few seconds, clean (buff) the surfaces by a cleaned cloth. Any excess of product creates superficial glossy and sticky films, so the excess must be removed immediately after the application. We suggest to repeat this treatment after 10-15 minutes from the first application. The effect of anti stain will be achieved after 24 hours from the treatment. In case of floor application, do not walk on the surface before. **IMPORTANT:** when a surface is treated for the first time, we suggest to test the product on a small hidden part for testing the effect. After usage, close the tins well sealed.

## Technical data:

**Density at 25°C gr/ml:** 0,95

**Aspect:** liquid

**Standard colour:** transparent/opalescent

**Quantity to be used:** normally with 1 litre is possible to treat 20-30 square meters of stone. The consume depends a lot from the porosity of the material.

## Plus:

NO YELLOWING

VERY LONG LASTING  
OUTDOOR

VERY STRONG  
COLOR ENHANCER

RESISTANT TO  
ACID RAIN

RESISTANT TO  
HIGH TEMPERATURE

INDOOR/  
OUTDOOR

## Shelf Life:
